Description

Evergrain panels provide an efficient and stylish finish for walls and ceilings throughout the house. The high quality panels are easy to install by both DIY'ers and professionals alike. Their water resistant qualities make the panels a durable cladding for walls and ceilings, particularly in damp areas such as the bathroom, toilet, kitchen, garage, etc. The printed panels will neither delaminate nor absorb water. Our range can be used in Alfrescos, Porches, Balconies and feature walls.

This is a unique product as these panels don't Crack, Delaminate or need oiling. An occasional clean with soap water is enough to retain the new and look feel. Consumers today are looking for the perfect product that has the appearance of natural wood, but is practical enough for today's busy lifestyle. Evergrain has the look and feel of real hardwood without all the maintenance costs associated with it.
