- 100% Waterproof with attached Acoustic Underlay
- Slip Test P3

Easy to clean, sweep regularly and use a damp mop if required. 100% Steam Mopable.

**FLOORS THAT LOOK
GOOD FOR LIFE.**

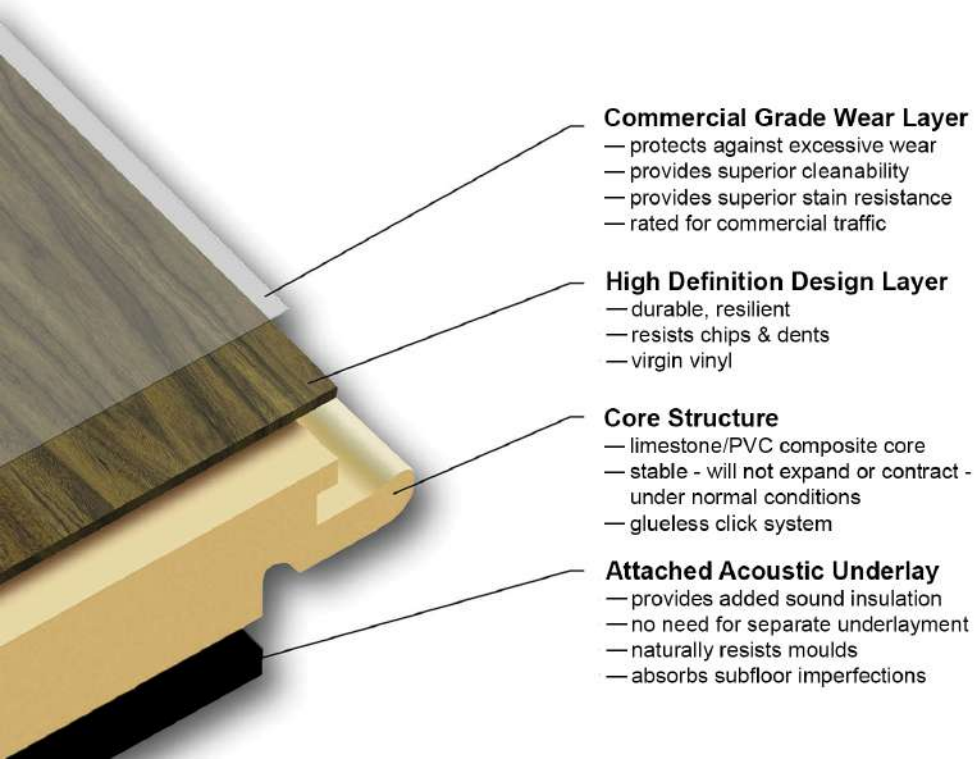

AQUA LUXE - NEXT GENERATION HIGH PERFORMANCE FLOORING

LUXURY WITHOUT COMPROMISE

Aqua Luxe Hybrid Flooring represents next generation flooring technology, utilising the recently developed rigid composite core board. Aqua Luxe is a trouble-free flooring solution that is made with Rigid Core Limestone, 100% waterproof structure. The board is able to withstand direct heat and extreme cold.

Cleaning is a breeze with Aqua Luxe, 100% waterproof moppable surface - dry or wet maintenance is perfectly acceptable. The plank construction incorporates a robust water-based PU Coating for everyday scuff resistance, and offers constant protection against bacteria. Aqua Luxe's wear layer and printed visual decor provides realistic timber textures and colours. Each plank incorporates a stabilizing balance layer on the underside with an attached acoustic underlay that delivers excellent noise reduction.

BOARD CONSTRUCTION

Commercial Grade Wear Layer

- protects against excessive wear
- provides superior cleanability
- provides superior stain resistance
- rated for commercial traffic

High Definition Design Layer

- durable, resilient
- resists chips & dents
- virgin vinyl

Core Structure

- limestone/PVC composite core
- stable - will not expand or contract - under normal conditions
- glueless click system

Attached Acoustic Underlay

- provides added sound insulation
- no need for separate underlayment
- naturally resists moulds
- absorbs subfloor imperfections
