**FLOORS THAT LOOK
GOOD FOR LIFE.**

BIGGER AND MORE DARING

Extra Long, Extra Wide and a particularly natural effect. Meet the XL planks (no less than 2m long!). Unusually large sizes for a maximum experience of each room. Their exceptional dimensions ensure that every chamber looks more spacious.

THE STRONGEST AT HOME

Having fun is the essence of life. And that accidents happen sometimes, is something you will gladly put up with. This is exactly why our floors are extremely shock and stain resistant. With an extra thick protective layer, an innovative top layer with anti-stain technology and the unique Rigid Core for a stable, strong and shockproof core.

LIKE A FISH IN WATER

Aqua Luxe floors are water proof. Not just a bit, completely. Let your living space, kitchen, and bedroom seamlessly merge into one another: Aqua Luxe is at home everywhere.

NATIVE BLACKBUTT

GLACIER OAK

Ultimate Peace of mind Thanks to Rigid Technology

Polyurethane Reinforcement (PUR)

The PUR treatment supports a simple cleaning regime

Clear Embossed Wear Layer

The transparent, extremely dense layer is hard wearing and protects the decoration of the product.

Decoration Layer

An innovative printing technique makes the high clarity design a true representation of natural materials.

Rigid LOC Mechanism

The stable layer can hide subfloor imperfections and the Tough LOC mechanism allows for quick and easy installation.

Acoustic Backing

The acoustic backing helps reduce impact sound, makes the floor softer and warm underfoot.

No Adhesive Required

An Easy to Fit, Click Locking Mechanism makes it quick and easy to install. Softer underfoot compared to wood and ceramic floors.

SOFT OAK NATURAL

RIGID ULTRA

The Rigid Ultra Range is strikingly beautiful thanks to the excellent balance between length and width. If you lay these solid, extended plank floors, you will generate a soft and tasteful effect. The planks are 100% waterproof and come in 4 stunning designs that are so true to nature thanks to a unique core technology.

Care and Maintenance

Aqua Luxe Floors have been designed with low maintenance in mind to give you more time to enjoy your new floor.

With a little routine care and regular maintenance, it is easy to look after your Hybrid Floors. Just follow the easy steps below:

Remove any loose dirt or grit which could damage the floor by sweeping with a soft dry broom or vacuum.

Damp mop the floor using water and a PH neutral cleaner to remove any footprints, dirt and other stains or marks.

Stains or spillages should be cleaned up immediately using a dry cloth.

Never use when cleaning the floor: Abrasive cleaners, nylon scouring pads, steel wool, scouring powder or bleach as they may damage the floor

PROTECT YOUR FLOOR

Place mats at all exterior doorways and entrances to trap dirt, sand, grit. Use felt protectors under furniture. Chair pads should be used under desk chairs. Never drag, slide, or roll furniture or appliances across your floor. Protect the surface if using a trolley to move heavy objects. Floors should be protected from extreme temperatures and sunlight by using window tinting, blinds.
